Mask Manners

Prevent the spread of COVID-19 when you wear your mask the right way.

Mask should cover your chin, mouth and **NOSE**.

Wear a **NEW** mask

D A I L Y

Keep mask **ON** when talking with others.

Wear a **MASK and FACE SHIELD** if within 6 ft. of someone.

Only remove the mask when eating in a designated break area or when outside the building and properly social distanced.

You should **STILL wear mask** when driving a forklift, walking in isolated areas of plant, etc.
